## **UNDERSTANDING COMPLIANCE IN THE COURT SYSTEM: MASTERING CASELINES AND COURT ONLINE FOR EFFECTIVE CASE MANAGEMENT**

In the fast-paced world of litigation, matters are both enrolled and unenrolled in court systems daily. The key to successful enrolment and effective case progression is compliance.

A matter cannot be heard unless all necessary steps have been taken to ensure it is ready for the hearing date. Timely and knowledgeable use of tools like Caselines and CourtOnline and adherence to division-specific Practice Directives are crucial for expediting the litigation process and ensuring smooth case management.

## WHO SHOULD ATTEND?

- All legal practitioners, especially those looking to streamline their use of the online court system.
- Legal practitioners who want to develop a deeper understanding of proper court administration, from enrolling matters to ensuring effective case progression.

## WHY SHOULD YOU ATTEND?

- Gain the skills to effectively manage your client's case by mastering Caselines and CourtOnline.
- Learn how to properly enrol matters and navigate the online systems for timely and accurate case management.
- Understand the relevant court profiles and how to approach the appropriate division for assistance, ensuring your matters are processed efficiently.
- Equip yourself with the knowledge to enhance your client's prospects of success by effectively complying with court processes in online case management.

This course will empower you to understand and navigate the digital court system, ensuring your cases are heard and processed without delay.

IPCE Law School is an Accredited Institution with the Legal Practice Council (LPC).
